Item 7.01. Regulation FD Disclosure.

On August 17, 2009, each of Russell C. Horowitz, Marchex's Chairman and Chief Executive Officer, John Keister, Marchex's President, and Matthew Berk, Marchex's Executive Vice President of Project Engineering, established sales plans in accordance with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended ("Rule 10b5-1"), to provide for pre-determined sales of a portion of their Marchex common stock as part of their individual long-term asset diversification and liquidity strategies, subject to certain contingencies, and with sales commencing in each case following the termination of all sales under any previously established sales plans. Each of these 10b5-1 plans provides for sales of specified share amounts at specific market prices, subject to specified limitations, and requires that such sales be disclosed publicly through appropriate filings with the Securities and Exchange Commission.

Under the new Rule 10b5-1 plans (i) Mr. Horowitz will sell up to a maximum of 900,000 shares over a period of up to ten (10) months commencing January 2010 which, if the maximum is sold, represents approximately 9% of Mr. Horowitz's current direct and indirect holdings of Marchex common stock, approximately 4% of the currently outstanding Class B common stock of Marchex and approximately 2% of the currently outstanding total common stock of Marchex, (ii) Mr. Keister will sell up to a maximum of 510,000 shares over a period of up to twelve (12) months commencing April 2010 which, if the maximum is sold, represents approximately 19% of Mr. Keister's current direct and indirect holdings of Marchex common stock, approximately 2% of the currently outstanding Class B common stock of Marchex and approximately 1% of the currently outstanding total common stock of Marchex and (iii) Mr. Berk will sell up to a maximum of 84,708 shares over a period of up to twelve (12) months commencing January 2010 which, if the maximum is sold, represents approximately 22% of Mr. Berk's current direct and indirect holdings of Marchex common stock, less than 1% of the currently outstanding Class B common stock of Marchex and less than 1% of the currently outstanding total common stock of Marchex. The aforementioned sales under the new Rule 10b5-1 plans include the sales of certain restricted shares as such shares vest in part to cover tax liability incurred upon vesting of such restricted shares.

Marchex permits its directors, officers and certain employees to enter into stock trading plans with respect to Marchex common stock which are intended to qualify for the safe harbor under Rule 10b5-1, subject to Marchex's applicable guidelines and policies on insider trading. The new Rule 10b5-1 plans identified above were adopted in accordance with Marchex's Code of Conduct for all officers, directors and employees. Rule 10b5-1 permits the implementation of written, prearranged stock trading plans by insiders when the insiders are not in possession of material non-public information. Such plans allow insiders to diversify their holdings and to minimize the market impact of stock sales by spreading them out over time.
